CORNUFÉ

A BRIEF HISTORY...

Founded in 1908, La Cornue has been a symbol of culinary excellence and craftsmanship, creating bespoke kitchen ranges that blend tradition and innovation. Each piece reflects a century-old heritage of passion and dedication to the art of cooking.

Because La Cornue has always been keen to satisfy all desires and adapt to each space, it created the CornuFé line in 2005. A model inspired by a love of food, its aesthetic is undeniably in tune with the times. It features a convection oven, high-performance burners, gas or induction, classic or exclusive colours and a choice of finishes. Matching hoods are also available, designed to complement the range perfectly. It is the perfect compromise, which will seduce the eyes and tastebuds by making La Cornue accessible to all epicureans.
